EFFICIENT AND COMFORTABLE

Powered by two 350 horse power engines, the biggest open family White Shark pushes the limits of comfort and performance. Able to cruise comfortably at up to 60 knots safely, it is a true cruiser. The back seat, designed for four people, has a large storage area underneath, while the front deck can accommodate eight guests. The finishing touch is provided inside where two separate double berths, a beautiful kitchen and a bathroom complete the experience.
