Diesel tank: 750 l
Fresh water tank: 350 l
Blackwater tank: 200 l
Max number of persons recommended: 10
Seats: 10
Batteries: 4 + 1 = 480 Ah

BÅTMAGASINET (NO)

"Marex 360 is the summary of a whole host of great ideas put into practice. The result is a uniquely successful family boat which guarantees solutions which is a shining example to all other boat producers."

BÅTLIV (NO)

"The social dream boat! Båtliv has rarely given so good characters on a boat test before. The boat scores an average of eight on a scale on one to nine on all criteria, including safety, driving properties and comfort.

Marex 360 is quite simply a very good boat to drive, it is a safe and comfortable coupe cruiser, perhaps the best in its class"

MOTORBOAT AND YACHTING (UK)

"We never cease to be amazed by the ingenuity of the team of Marex: every time we think they've used every inch of space and figured out every possible idea, Marex comes up with something new to surprise us"

BÅTMAGASINET. (NO)

"The best family boat period. In this boat Marex has thought of so many good solutions that it will be an example for other boat producers.

Marex has thought of everything - and succeeded."

MOTORBOAT AND YACHTING (UK)

"The latest Marex 360 cabriolet cruiser contains all their previous greatest hits and fair few new ones into a single floating smörgåsbord of innovation"

THE WORLD'S FASTEST CANOPY SYSTEM

The Marex 360 has the world's fastest canopy system. The canopy needs no longer to be stowed away. It brilliantly hides in the targa arch and in the roof. Fully closed to fully open in seconds. This guarantees you to enjoy the boat more often! Less stress and more fun.

MOTORBOOT (NL)

"The boat is in all details well thought through. It offers all possible facilities with a huge cockpit and the boat feels pleasant from day one, as well as over time. You can really enjoy the waters with a big group or small. The sportiness is also highly appreciated in this flawless norwegian boat"

THE BOATS SEAWORTHINESS

The Marex 360 has a planing hull built for a single or double engines, shaft or stern-drive. It provides a relaxing onboard experience with lowest noise levels. The Marex 360 performs high and dry in the sea. The boat has a harmonious, playful and easy-handling hull.

A dream experience for you and your family.

THE BATHINGPLATFORM.

The storage on the platform works as a comfortable sitting bench for you to enjoy swimming, watergames and your morning coffee

The platform itself is a massive extension of the hull with integrating deep storage lockers on both sides of the transom door. There is room for 4 large fenders in each locker including ball ones. Marex has developed its own smart dinghy solution with integrated davits making for very easy launch and recovery of the tender at sea.

More convenient, less work

MARINA (CH)

"The ergonomics is right in every place. The compact and their solid way to build a boat really pays off.

The boat shows excellent values and no noises or vibrations.

The sun smiles also when you are driving it"

THE GALLEY

It's a gourmet and entertainment cruiser! Large and well-equipped pantry with a gigantic U-shaped galley and an extra flip-up worktop. The large galley has a huge worktop surface and unparalleled storage space in a total of 13 drawers. It includes side-by-side fridge 150 + 50l and optional 28l freezer plus double sink with 3 burner hob and separate oven.

Fun for the chef, joy for the family

THE COCKPIT

You will not find better seating comfort in boats below 40 feet. The dinette area quickly turns into a great sunbed. Large storage boxes are located under all the benches. It is a full planing open cruiser, with one of the largest cockpits in its class. Marex 360 works perfectly as a day cruiser as well as a live-aboard for longer adventures. Amazing feeling of space and comfort!

Most of the fun and entertainment happens around the table.

THE HELM POSITION

The dashboard is the ultimate in ergonomics. With its anti-reflective finish it provides plenty of room for all instrumentation including two large plotters. The environment is designed for maximum, relaxed driving comfort with all functions sited logically and functionally. Every detail has been integrated into a driver's position for outstanding all-round comfort.

The co-pilot seating incorporates a reversible sofa for 3 and a handy door in the screen provides quick and safe access to the foredeck, in addition to generous side decks for all-round mobility.

THE MASTERCABIN

Below deck are two large, separate sleeping compartments. Both cabins provides good standing headroom in front of the bed. The attractive master cabin offers a large double bed overlooking extensive hull windows throughout the length of the cabin.

The beds and mattresses are generous in sizes. Below the hinged mattress is a gigantic storage area. Plenty of cupboard and drawer space all around the cabin area. Power sockets and USBs are plentiful and smartly placed. The cabin has a large number of LED lights. Large hull windows open up the cabins and you lay in bed and look out.

This makes like a dream to wake up to.

THE HEAD

The boat's heads are as voluminous as the rest of the boat. The room is divided into two compartments with a separate, large shower room aft. It features easy-to-clean surfaces and a teak seating bench. Plenty of cupboard space and mirrors. All desirable fittings are supplied as standard

THE CENTER CABIN

Below the cockpit is a giant centre cabin with full headroom and spacious changing area. Plenty of storage space in cabinets and drawers with provision for six jackets to hang up when guests come aboard. The bed is laid across the boat with hull windows both at the head and foot ends. It provides a unique and price-less atmosphere and proximity to the sea. You are guaranteed to wake up with a big smile!
